Created in 1969, Cheakamus Centre, is located on the traditional territories of the Ch'iyákmesh people on a 420-acre ecological reserve in Paradise Valley, BC.

OVER THE LAST 48 YEARS, thousands of children and adults have participated in a range of experiential programs to gain a better understanding of the natural world.

As part of our first “Capital” campaign we invite you to join us in this next phase of campus revitalization.

PROJECT

Do you have fond memories of sleeping (or not sleeping!) in the cabins at Outdoor School?

After over four decades of continuous operation the cabins at Cheakamus Centre are well-loved and in dire need of upgrades.

This Cabin Enhancement Project will demonstrate innovation and environmental sustainability by increasing energy efficiency and making for more comfortable overnight spaces.

CONTRIBUTIONS

Your financial support will provide for a range of elements including: window replacement, insulation improvements, bathroom renovation and energy efficient lights.

Join the Jenkins family of North Vancouver to kick start this project today!
